In 1984 the New Brunswick Insurance Branch continued to monitor with great care the solvency position of the New Brunswick chartered insurance companies.

The major problems in the insurance market particularly in the last quarter of 1984 because the lack of market for liability insurance and its resultant disruption of economic and service related industries. A "Task Force" has now been formed in order to deal with this problem.

A source of major concern to the trucking industry was the failure of one of the largest trucking insurers in Canada. This insurer was federally chartered. After considerable effort, markets have now been persuaded to underwrite interurban trucking concerns albeit at considerably increased premiums.

Solvency and markets remain the principal concern of the Insurance Branch in its attempts to provide the best possible insurance protection for the New Brunswick consumer.

Respectfully submitted,

Afin d'éviter le chevauchement des taches et de réduire le nombre de rapports des compagnies, le bureau du Surintendant a incorporé la déclaration d'impot pour le Prévot des incendies a la déclaration ordinaire d'impot sur les primes, et s'est chargé de la perception.

Notre bureau a reçu plus de 900 plaintes en provenance de ministères fédéraux et provinciaux et du grand public. Dans tous les cas, les plaintes ont été étudiées et des résultats satisfaisants ont été obtenus.

VOICI LA LISTE DES COMPAGNIES QUI ONT RECU UN PERMIS DANS LA PROVINCE ET LE MONTANT DE LEUR CAUTION:

Trois cent treize (313) assureurs ont du contribuer de façon proportionnelle, en vertu de l'article 94 de la Loi sur les assurances, la somme de $256,658.00 requise pour l'application de la Loi.

En 1984, la Direction des assurances du Nouveau-Brunswick a continué de surveiller de près la solvabilité des compagnies d'assurance à charte du Nouveau-Brunswick.

L'insuffisance du marché de l'assurance-responsabilité, et la perturbation qui en a résulté dans les industries de services et les industries à vocation économique constituent les principaux problèmes du secteur des assurances. Ce fut particulièrement le cas au cours du dernier trimestre de 1984. Un groupe d'étude a par ailleurs été formé en vue de trouver une solution à ce problème.

La faillite d'une des plus grandes compagnies d'assurance de camions du Canada, laquelle détenait une charte fédérale, inquiète beaucoup l'industrie du camionnage. Après maints efforts, on a persuadé les compagnies d'assurance de garantir des contrats d'assurance aux entreprises de camionnage interurbain, moyennant cependant des primes considérablement plus élevées.

La solvabilité des assureurs et le marché des assurances demeurent les principales préoccupations de la Direction des assurances dans ses efforts pour fournir aux consommateurs du Nouveau-Brunswick la meilleure protection possible.

Respectueusement soumis,

T.O.C. MAKIN
